Description

As a highly focused TALL Stack Developer, I possess a distinct ability to work collaboratively in a team environment while also being able to function independently. My dedication to work and commitment to task completion drives me to excel in all projects I undertake. I have a keen ability to react efficiently in difficult situations and provide effective solutions.

My academic background includes a college degree with a major in Mathematics and Biology, where I graduated with an impressive 8.5 GPA. In addition, I obtained a score of 6.5 out of 9 on the IELTS examination.

During my almost year-long tenure at Creative Ones, I actively participated in diverse projects, refining my skills and meticulous attention to detail. I demonstrate proficiency in organization and project management, guaranteeing prompt delivery of high-quality outcomes. Moreover, my adept communication abilities promote productive teamwork and facilitate the exchange of ideas.

My expertise spans across a diverse array of technologies, encompassing Tailwind CSS, Alpine.js, Laravel, Livewire, Filament, Statamic, MySQL, Git, and GitHub. Furthermore, I have attained proficiency in React, MongoDB, Docker, Kubernetes, and AWS (Cloud Practitioner). Additionally, I am adept in fundamental web development languages such as HTML, CSS, Sass, Bootstrap, jQuery, JavaScript, and PHP. Through the completion of intricate projects across various programming languages, I have demonstrated my agility and ability to swiftly adapt and learn. These projects include Online Marketplaces, Software as a Service (SaaS) platforms, APIs, and Presentation/Portfolio websites.
